Game Show/Face Off

2 awesome things to consider for your next event. Great for cocktail hours and also for bar events, school events, corporate events, house events and more!

There are 2 options, our Game Show Mania have 4 different color stations that have buzzers and microphones. When a question is asked, the first person who presses the buzzer blocks out the others and then they can answer. If they get it right, our score nboard adds points. Face Off is the same but with only 2 podiums. Faster paced but still a great add on for your event.
