

Rooney Tunes DJ's

Montages

What event is complete without a montage? A few different ways this can be done. You can supply us with 75 to 100 photos that we would scan and put together in a slideshow to be shown on our plasma screens or you can supply us with an unlimited amount of photos on a USB drive and we can put them into a slideshow.

Great for Sweet 16's, Mitzvahs, weddings, and corporate events.
