

## Mummy Rap

A fun game for ANY age. You ask people to get in teams of 3 to 4 people, any more than that and it gets crazy. You have them pick one of their team members and they are the mummy. A roll of toilet paper, (new, not used!) is given to each team. They have the length of a song to rap their mummy up from head to toe. The team with the best mummy is the winner! It's usually a kids game but the adults LOVE to jump in there to help out!
